

## Wheels Magazine Content List

**About this list** – This list is a guide to the major content available in Wheels Magazine. Wheels magazine was published by Cycle MC, a gay leather / levi motorcycle club, in New York City.

**About Wheels Magazine** - Wheels magazine, published by Cycle MC from May of 1968 to April of 1982 [132 issues], chronicled the MC scene as it developed around the world. It was published monthly (sometimes bi-monthly) and distributed to Cycle MC members and other interested individuals that subscribed. The publication sold inexpensive ads to partially offset printing and mailing costs. Ads were purchased by other clubs to promote their runs, bars to promote their special events and individuals who owned their own businesses. A subscription to Wheels Magazine cost \$3 (members) / \$4 (non-members) for 12 issues in 1968 and \$15 (U.S. delivery) for 12 issues in 1981. Wheels published news and reports from Cycle MC activities, but also invited other clubs to submit run reports, articles, club news and general gossip. Wheels also reprinted articles from other club newsletters and mainstream media on occasion. The newsletter was edited by Don Daily [DD], who was at or near the center of Cycle MC from the beginning to the end.

**What this list does not include** – This list does not include access to content in the gossip columns printed in Wheels magazine, nor access to ads printed in Wheels magazine.

**Where to find content** – Collections of Wheels Magazine can be found at , in addition to the Leather Archives & Museum. Photocopy requests for content in Wheels Magazine can be directed to the Leather Archives & Museum. At the time of the printing of this content list, the final issue of Wheels Magazine is available online through the Colors of Cycle MC WWW Exhibition at <http://www.leatherarchives.org/exhibits/cyclemc/index.html>. The final issue of Wheels Magazine includes a year by year summary of Cycle MC's activity.
